**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

In The Matter of the Application of San Diego Gas
& Electric Company (U 902 G) and Southern California
Gas Company (U 904 G) for a Certificate of Public
Convenience and Necessity for the Pipeline Safety &
Reliability Project

Application 15-09-013

**AMENDMENT TO APPLICATION OF SAN DIEGO GAS & ELECTRIC COMPANY
(U 902 G) AND SOUTHERN CALIFORNIA GAS COMPANY (U 904 G) FOR
A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY FOR
THE PIPELINE SAFETY & RELIABILITY PROJECT**

Pursuant to Rule 1.12, 1.13 and 2.4 of the Rules of Practice and Procedure of the California Public Utilities Commission (Commission or CPUC) and the Joint Assigned Commissioner and Administrative Law Judge's Ruling Requiring an Amended Application and Seeking Protests, Responses, and Replies issued January 22, 2016 (Ruling), San Diego Gas & Electric Company (SDG&E) and Southern California Gas Company (SoCalGas) (together, the Applicants) hereby submit this amendment (Amendment) to the above-captioned Application for a Certificate of Public Convenience and Necessity (CPCN) for the Pipeline Safety & Reliability Project (Proposed Project or PSRP). Except as stated below, the original Application, which includes the Applicants' Proponent's Environmental Assessment (PEA), is unchanged and incorporated herein by reference.

The Commission requires the Applicants to amend its original Application to provide the information requested in the Ruling (at 11-18 and Order 1). This Amendment complies with the Ruling by providing the requisite information and is organized in III volumes as follows:

Volume I addresses certain deficiencies identified in the Ruling pursuant to California Public Utilities Code Sections 1001 and 1003(d), Rules 3.1 (b), 3.1(c), 3.1(e), 3.1(f), 3.1(h), 3.1(i), 3.1(k)(1), 3.1(k)(1)(A), 3.1(k)(B), 3.1(k)(2), 3.1(k)(3), 3.1(k)(3)(A), 3.1(k)(3)(B), and 3.1(o) of the Commission's Rules or Practice and Procedure. Volume II contains a supplement to the PEA, which analyzes the potential environmental impacts associated with lowering the pressure of Line 1600 and connecting the Proposed Project with the pre-lay pipeline segment. The Applicants also provide a cost analysis, as detailed in the Ruling, in Volume III of this Amendment.

TAKE NOTICE THAT due to the considerable size of the Amendment, which exceeds a single transmission 20.0 megabytes in size, the entire document was tendered for filing at the Commission's Docket Office at the State Building, 505 Van Ness Avenue, San Francisco, California 94102 in an ARCHIVAL CD-ROM/DVD format.

Dated in San Diego, California, this 21st day of March, 2016.

Respectfully submitted,

By: /s/ Allen K. Trial
